

SAME LOVE, DIFFERENT HUG

 HarperCollins

A sensitive and honest picture book that celebrates the different ways in which we can show each other affection.

We like hugs big or small,
squeeze-me-tight or feathery light.
Bear hugs, morning hugs, jump hugs, too.
Quiet, loud; they all feel right.
But . . .

What do others like?

Some people love a big, strong hug.
Others like a gentle hug. Some don't
like to hug at all—they like to shake
hands instead. Same Love, Different Hug
is a gentle picture book that looks at
how different people connect and
navigate boundaries, modeling social-
emotional skills for the youngest among
us.
